MISSION RULES.

- -Include this remarks in your flight plan:
 - ✓ RMK/MXSOHUMANITARIANAID21/LEGxx (Replace 'xx' with the leg number).
 - ✓ STS/HUM (It is a remark for a flight carried out on a humanitarian mission).
- All legs must be flown online in the right order, using real weather, in real-time mode (1x sim rate).
- Military IFR Flight rules.
- After connecting to IVAP/Altitude, send the flight plan.
- Use the same Callsign the entire tour.
- Use only the designated aircraft for each leg of this tour.
- Maximum speed below 10,000ft 250kias.
- Maximum speed and flight level as indicated on each leg.
- You must complete all missions or routes. It's mandatory to fly them in order.
- Maximum disconnection of 20min, after this time the leg will be disabled.
- The leg performed must be reported within the first 7 days after the flight.
- Only you can fly 1 leg per day. **Yes, one per day!**
- All segments must be flown online and in normal simulation (1X), make a total stop at the destination airport, make a brief disconnection and report the segment.
- The pilot must be connected 2 minutes before taxiing and must remain 2 minutes on the platform before disconnecting.
- All aircraft must park on the military platforms of each civil-military airports. In the event that the airport is only civil, you can park on any platform. If the military platform does not support the aircraft due to the dimensions, you will need to park on the civilian platform.
- **IMPORTANT** Report the date, time of departure and arrival in UTC (ZULU) time.
- Failure to comply with these rules will cause the leg to be rejected!
- Review the previous recommendations to avoid unnecessary rejections.
- Enjoy this wonderful tour!.

AIRCRAFT.

Deberás usar solo aeronaves de transporte medio militar con capacidad de carga para volar todas las etapas, como C130, C295, C27J, AN32, AN26 o similares.

You should only use military medium transport aircraft with cargo capacity to fly all stages, such as C130, C295, C27J, AN32, AN26 or similar.

CALLSIGN.

Para dar mayor realismo, solo identificativos militares de fuerzas aéreas, armadas, marinas y policiales del país de cada piloto que vuele la misión. *To give greater realism, only military identifiers of the air, navy, marine and police forces of the country of each pilot flying the mission.*

**FLIGHT PLAN.**

Todas las piernas deberás volarlas como tipo Militar (M) y de modo IFR. *All the legs must be flown as Military type (M) and in IFR mode.*
